Home Comfort From Christmas Gifts

Nothing can earn higher appreciation than the gifts which add to the comfort and attractiveness of a home. They show that you have given with thought and with the true Christmas spirit of helpfulness.

For your own home you want good values, and if there's one time above all when you wish to be absolutely sure of quality, it's when you give to others. An article may look all right, and you may pay a good price, but the test of actual use may find it wanting in some respect. You might never know of it; so it's best to be on the safe side. Come to us and you will find absolute reliability. We will tell you exactly what to expect from our furniture, and it will prove just what we promise.

We know that Christmas time calls for a lot of extra ready money. You need many things from our store to add to the comfort in your home, and you wish to give to others.

We'll help you with the home furnishing, and we'll help you with the giving. It's not our purpose to induce you to buy beyond your means, but when it will mean comfort and happiness to have the things at once and pay for them at your convenience, you may be sure that we will sell you more for the same payments, or the same amount for smaller payments, than any other firm in Washington.

Every article in our store is marked in plain figures at the long-time credit price. Your selections are made, and the tags tell you just what will be charged, no matter what terms you may wish, except that we allow a discount of 10 per cent for cash or settlement in 30 days.

Those who now have open accounts here may add to them as desired, and all who have ever had such an account with us are welcome to its use, with the unusual privileges in paying which we grant at this season.

To new customers we will say that this is the best time to learn the help of an open account at our store. Do your buying here, and we will see that the arrangements for paying are made to suit your circumstances and wishes.

From our list of suggestions you may see what immense variety we have to offer. Many pieces are shown here, and we want to impress you with the fact that these illustrations exactly reproduce the article of the price named. Of some we have a considerable number, while of others there may be but two or three of the pattern shown. Under no circumstances will you be disappointed, for we can show others, which you will be satisfied are of equal value, or we will always order a duplicate of any particular piece.

Of course, you will understand that these are but specimen patterns from lines which include many others, in the various woods and finishes, and at a wide range in prices.

Particularly handsome gifts, at very moderate prices, may be selected from our large display of Cut Glass. If you are familiar with qualities in these goods we ask you to examine carefully what is shown here and compare our price tags with what you are asked for similar values in other stores.

The same is equally true of our Tea Sets, Chocolate Sets, and many individual pieces of fine hand-painted China. Stores which specialize in goods of this character can show you nothing more pleasing, and certainly our prices are far below theirs.

Carpets, Rugs and Stoves

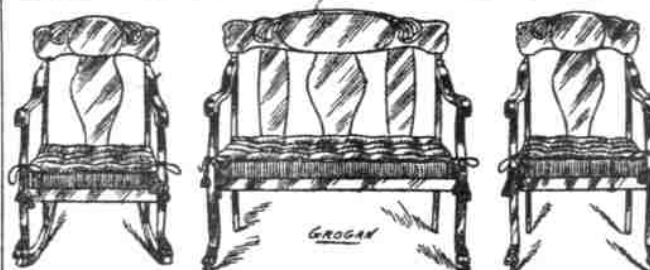

Don't overlook our stock of Rugs in your search for gifts. No matter what you wish in size, coloring, or price, it's more than likely that we have just what you're looking for.

If it's a Carpet for your home there's sure to be a saving by coming here. We will give you serviceable, guaranteed values at very low prices, and extra service without charge by making, lining, and laying them free. What material may be wasted in cutting to match figures costs you nothing.

Our stove department is almost a store in itself. Whether for heating or cooking, for oil, gas, or coal fuel, we will sell you a reliable stove. There are all sizes and styles—something at any price you wish to pay.
